Magnetosphere

Sample Library and Presets Bank for NI Kontakt sampleplayer and compatibles.

This is a clean and smart pad sound library for everyone who needs smooth, brilliant and plain sounds – the opposite of multi-modulated selfplayer sounds. Wide atmospherical scenes, mild modulations via Mod Wheel and a soft attack.

This sound library for NI Kontakt provides over 75 different instrument multisamples incl. a few one-shot samples for 75 Program Presets and 25 Multi Instruments (layers) with a total amount of 1.3 GB.
